

GUBERNATORIAL SITUATION IS STILL BADLY MIXED.

Pardee Continues to Receive Encouraging News From the Interior, and His Friends Are Hopeful—Gage's Supporters Express Great Confidence.

SAN FRANCISCO, Aug. 20.—"If Gage has enough votes to nominate, why can't he organize the Convention?"

That was the question continually asked around the lobbies today.

It was rather a poser. The Governor's friends insist that they have the fight won, but they admit they cannot control the Convention. Why?

It is practically certain that Lieutenant Governor Neff will be chairman of the convention—selected by a combination of the candidates opposed to the Governor.

Congressman Metcalf will not permit his name to be used, especially as his friends in the Alameda delegation are committed to another program.

Frank D. Ryan of Sacramento will be Secretary, that place being conceded to Sacramento, where the Convention will be held.

If anything is plain it is that no man can yet read his title clear to the gubernatorial nomination.

Yesterday a table was given out from the Governor's headquarters which claimed 370 votes for Gage, but the figures are faulty in many particulars.

It starts off with 143 for the Governor in San Francisco. He has not got them yet, although he has apparently captured Martin Kelly's forty delegates.

Aside from Ruef's 22 Primary League

delegates, there are six in the Thirty-seventh district for Flint, and there are in other districts occasional delegates who will not program.

Colonel Charles Sonntag, who was elected on the program ticket in the Thirty-eighth district has resigned his commission on the Governor's staff and announces his intention of voting for Pardee.

It was figured up today that the Governor claimed over 60 votes that he did not have. In other words his strength remains where it has been for several days—somewhere between 310 and 320 sure votes.

In the mix-up dark horses are beginning to pipe up. Frank Short, of Fresno, has a ready-made boom that he is willing to launch, and J. O. Hayes, of Santa Clara thinks he is a very likely man for lightning to strike.

It was a busy day at the Pardee headquarters.

The visitors were many and the news encouraging.

John A. Britton was on deck giving directions and talking to outside delegates. It is found that he has a strong pull and long reach.

Dr. Pardee dictated answers to a big pile of encouraging letters, while Senator Lukens, Guy C. Earl and Charles E. Snook looked after the people who carry weight in the Convention.

Joe Kelly, Cal Ewing and Felton

Taylor helped things along. Kelly has a bad cold and is a little warm in the collar over a story to the effect that he is not loyal to Pardee.

Ten votes in Santa Clara are claimed by the Gage people, but the indications are that the delegation will vote as a unit and that Pardee will get them all.

One of the Lake delegation writes that all three are solid for Pardee.

Trinity's three votes have voluntarily come into the Pardee camp.

Amador and Calaveras will probably be solid for Pardee, but they want Alexander Brown renominated for the Board of Equalization.

Contra Costa has a man for that place.

Napa has one sure and may be all ten for the Oakland man.

Santa Cruz stands six for Pardee and five for Gage.

The Governor has been counting on eight from there.

Butte is divided between Pardee and Flint.

In Solano Pardee has nine pledged votes, and may get them all.

He also has fourteen votes in Sonoma. Allen B. Lemmon, who led the Governor's fight there, got a bad squeeze.

A canvass of the Sonoma delegation shows that State Controller Colgan cannot program it for Governor, although it will stand by his wishes on all offices but Congress, Judge of the Supreme Court and Attorney General.

It is still a question where Colgan will be when the show down comes.

D. E. McKinlay of Sonoma, at present Assistant United States District Attorney, has entered the fight for Attorney General, and this has mixed things for Colgan, as it is not likely that two important State offices will go to a third class county like Sonoma.

Outside of San Francisco nobody has appeared to question Frank C. Jordan's nomination for Clerk of the Supreme Court.

Oscar Tolle and W. H. Reynolds are both lined up with the Governor's side and in the city, and have no votes to give Gage or anybody else.

The Gage people are particularly wroth at Congressman Coombs because Napa and Sonoma have elected delegations opposed to the Governor.

They say he electioneered for Flint, and declared himself for Gage, after he had fixed things for the other fellow.

They bluntly tell him that it is votes and not a blessing they want.

But it is hardly possible to defeat Coombs at this late date, as Grove L. Johnson of Sacramento, has been named for the Assembly.

At Governor Gage's headquarters it is confidently claimed that his nomination is a foregone conclusion.

Today the Post, which is Gage's organ, prints a table giving Gage 477, Flint 164, Pardee 137, and Edison 19, with 32 doubtful.

Nobody is buying pools on the estimates.

Edson's people are out with some equally startling claims, footing up a total of 261 votes, including 30 in San Francisco.

It has not been thought that A. P. Van Duser could multiply himself thirty times. Gage gives Edson 19, Pardee gives him 35 and Flint 41.

The Tehama delegation is more Gage than Edson.

Senator Selwage of Humboldt is making some erratic movements.

He wants to go to Congress badly, and he has promised his twelve votes from Humboldt to pretty nearly everybody for Governor.

He can't deliver the goods, and will probably fall out of the band-wagon no matter who is on the front seat.

Frank Street's chances for nomination in the First District are improving.

HILL TELLS OF OUR TRADE WITH ORIENT.

**Railroad President Says
Our Business Is Capable
of Infinite Development.**

ST. PAUL, Aug. 20.—J. H. Hill, president of the Northern Securities Company, was introduced to the Trans-Mississippi Congress at the afternoon session and spoke of the subject, "Trade With the Orient," a topic on which he has come to be regarded as an authority.

He sketched briefly the trade and its various movements toward securing it in the past. From the opening of Japan to foreign trade, that country's trade has increased ten-fold. The population of the Orient, he discussed the prospective trade with the Chinese people, whom he regarded as the more enterprising and more business men than the Japanese.

He said a high tribute to the Chinese saying no people on earth could drive an intelligent Chinaman out of a commercial proposition. Lack of adequate transportation facilities greatly hinders trade. Our trade there is capable of infinite development.

All the European countries go across two oceans to reach that trade, which they greatly desire, while we need cross only one. He said that in the month of the great development in our trade there in recent years. The first American cotton went to Japan and China six years ago. Lack of transportation having previously prevented it, the shipment of cotton has constantly and steadily increased every year since, and now his road had been completed to refuse orders for as much as 20,000 bales of cotton in one month because of the lack of shipping facilities.

The shortest and cheapest route from the coast field to the Orient by way of Puget Sound.

He told in some detail of the plans now under way to handle this growing traffic. As low rates can be given across the Pacific from any point in the United States as they are now from New York via Suez canal.

HE MET A TRAGIC DEATH NEAR HOME

NEVADA CITY, Cal., Aug. 20.—Lewis

Bishop, well known cattle owner in Oak Valley, Yukon, met a tragic death Monday night. He was riding through the woods eight miles from Nevada City, when his horse was suddenly killed by a falling tree. Bishop was thrown and killed.

Not arriving home Monday evening, a searching party scoured the woods and finally found his body still seated on his faithful steed, his hands clasped in prayer.

Much difficulty was experienced in removing the mammoth tree from the victim's body. Bishop leaves a widow and young child.

PRESIDENT WILL START ON TRIP

OYSTER BAY, N. Y., Aug. 20.—President Roosevelt will start on his New England trip next Friday. His immediate party will consist of Dr. Lung, the physician, and Secretary of the Navy, his stenographers, Latta and Welver, and two messengers. The newspaper correspondents will accompany him.

President will meet the party at New Haven at 2 o'clock Friday afternoon.

He will then visit his guests at luncheon today Frederick W. Hols of New York, who was secretary of the American Republics conference, Dr. Albert Shaw and Cecil A. Lyon, chairman of the State Republican Committee of Texas.

SOLDIERS IN CAMP.

TAMAQUA, Pa., Aug. 20.—The battalion of the Twelfth Regiment, encamped at Manila Park, near here, spent a quiet and uneventful night. None of the strikers ventured into the better protected soldiers and to keep their own men out of the camp.

Julius Kahn has a walkover in the Fourth.

E. J. Livernash, the Examiner correspondent, will probably oppose him with the Labor and Democratic nominations.

Dick Beamer says he is a candidate for the Democratic nomination for Governor, but will compromise on his present job as State Equalizer.

Barney Murphy is spoken of as a candidate for the State Board of Equalization against T. O. Toland, the incumbent.

PROFESSORS WILL STOP HAZING AT THE STATE UNIVERSITY.

BERKELEY, Aug. 20.—Despite the fact that President Wheeler had expressed the opinion that hazing the Freshmen at the University had not assumed a serious enough nature to warrant any interference from him, the Students' Affairs Committee yesterday decided to conduct an investigation on its own account, and five members of the student body were cited to appear before it. The men all held that they were breaking no Faculty rules and that, as a matter of fact, the Freshmen were not being hazed, as they were not forced to do anything.

The student body is incensed at the action of the committee. They claim that the jokes played upon the Freshmen have been harmless and nothing more than has been done openly since the establishment of the University.

**Retail Clerks Want to
Form a Council About
the Bay.**

SAN FRANCISCO, Aug. 20.—The Retail Clerks' Protective Association is working to perfect a department council which will embrace the five affiliated unions of clerks in this city and the retail clerks of Oakland.

The new council will work on similar lines to the other labor councils of the city. All questions of grievances, new schedules of hours and wages, the formation of new unions and other important work will come before the council for its sanction or rejection.

The idea of forming this department council was suggested to the clerks by Max Morris of the Executive Committee of the American Federation of Labor during the recent visit of that body to San Francisco.

To the recently formed Salesladies' Protective Association the Retail Clerks' Council will be of special benefit. It will be the aim of the council to unify the male and female clerks in all the principal establishments.

The women will be brought in on an equal footing with the men and the same hours and wages will be asked for both. It is expected that the Retail Clerks' Council will be formed next week.

A picnic and reunion of the clerks will be held at Sunset Park, Santa Cruz mountains, next Sunday. Elaborate preparations have been made to provide entertainment for the large crowd that is expected.

Twelve applications for membership were received at last night's meeting of the Retail Clerks and nine new candidates were obligated. The union will parade 250 strong on Labor day. The members have secured a band and will appear in lawn tennis suits.

CAN SEE NO HARM IN THE BIG TRUSTS

**DELEGATES TO THE TRANS-MISSISSIPPI CONGRESS TAKE
A NEW TACK.**

ST. PAUL, Aug. 20.—Yesterday it was F. H. Thurber of New York who furnished the sensation of the day at the Trans-Mississippi Congress; today it was a member of the Mississippi delegation who adopted exactly opposite tactics to those taken by Mr. Thurber. The former could see no harm in trusts and in fact doubted if any existed.

James C. Williams and the other gentlemen from Missouri have declared convictions on the subject, and when the proper time came he introduced some extremely strong anti-trust resolutions which were, under the rule, referred to the Committee on Resolutions.

State organizations for next year were reported by the different delegations.

PENDLETON NAMED FOR STATE SENATOR

LOS ANGELES, Cal., Aug. 20.—Former Speaker of the Assembly Cornelius W. Pendleton received the nomination for State Senator in the Thirty-fourth Senatorial District Convention this morning. He was opposed by Walter F. Haas and Colonel Thomas Lewis. On the first ballot the vote stood Pendleton 70, Haas 70, Lewis 16. Eighty-four votes being necessary for a choice, a second ballot was taken, when Pendleton was elected by a vote of 85 to 51 for Haas. Lewis having withdrawn from the contest.

STORY IS A FAKE.

SAN FRANCISCO, August 20.—Chief of Detectives Martin stated to a representative of the Associated Press this morning that the man now held in custody at police headquarters and reported by a morning paper to be a Bartholin suspect, is not in any way connected with the mysterious Chicago murder, but is held on a misdemeanor charge.

SCHWAB ON A TOUR.

NEW YORK, August 20.—Charles M. Schwab, president of the United States Steel Corporation, who arrived last night, took breakfast today at the Lorraine. He said he was feeling very well and expected to visit his office during the day. It is understood that Mr. Schwab will sail for Europe on Saturday.

KANSAS CITY, Mo., Aug. 20.—Dr. S. T. Foote, aged 80, died at his office at Argonne, a suburb, during the night from morphine taken, according to his wife. He left a note describing his death struggles and giving directions for the disposal of his property.

He wrote: "My head is clear and my brain works perfectly—but now I feel the poison coming and then I will be gone. Good-bye."

STARTING STORY IN A MURDER CASE.

Woman Places Her Husband in a Very Embarrassing Position.

CHICAGO, Aug. 20.—During the inquest over the body of Minnie Mitchell today Lieutenant of Police Healy was an important witness.

He told of the circumstances leading up to the arrest of Edward Counsellman, the man who is alleged to have been with Bartholin on the day of the disappearance of Minnie Mitchell. He said that Mrs. Counsellman had told him that Bartholin had informed her husband that "His (Bartholin's) girl" was in a hospital and that needed \$60 to care for her; that he had got her into trouble.

Lieutenant Healy said: "The woman came to me and told me of the queer conduct of her husband. She related to me of her receiving and opening a letter from Bartholin. The letter came July 11 while her husband was at work. She thought there was something queer about it and opened it. The letter was the one in which Bartholin sought to secure money on a loan. The woman told me soon after she opened the letter that Bartholin came into the house."

Then she said: "I told him that I had opened his letter to Ed. He seemed very angry about it and said: 'You are liable to get into trouble opening letters that way.' Will Bartholin asked me to take the letter to the piano for him but had not found him."

"I told him that Ed was working at the Austman Manufacturing Company, Harvey, Ill., and he went in that direction."

"Mrs. Counsellman said that Ed came home that night," continued Lieutenant Healy, "but was very anxious to get away. As soon as he ate his supper he hurried away. He said he was going to see Will Bartholin at his home in Calumet avenue. The woman told me that Counsellman got home at 1 o'clock in the morning much excited. As she had started to go to bed and got down on his knees beside the bed. She told that Ed was going to Denver because he was in trouble and would tell her nothing unless she promised him not to tell what he knew. This she declined to do. She told me how her husband attempted to choke her several times in order to get the letter away from her, which she refused to give up."

The lieutenant said he had repeated Mrs. Counsellman's story, but Counsellman said he had seen nothing of Bartholin since July 11.

"He admitted," continued the officer, "that he had gone to Bartholin's house that night but Will was in the front room. Bartholin, he claimed, told him: 'I sent for you to tell you that I was in deep trouble and that I needed \$60.' Counsellman claimed that he asked Bartholin why he needed so much money, and about a girl who was at a place on the North side and he needed the money to pay for an operation on her."

CHICAGO MYSTERY IS NOT SOLVED

**CORONER'S JURY WAS NOT ABLE
TO THROW ANY LIGHT
IN THE CASE.**

CHICAGO, Aug. 20.—The Coroner's inquest over the body found at State and Seventy-first streets on August 9, and supposed to be that of Minnie Mitchell, fiancée of William J. Bartholin, was continued today. Numerous persons who were thought might throw light on the mystery were examined. In view of the almost incontrovertible evidence offered yesterday by the Coroner's physician, Springfield to the effect that the body was too badly desiccated to permit the theory of identity with Minnie Mitchell, the opinion has gained ground that the inquest will prove fruitless. Relatives of Miss Mitchell said today that the identification of her clothes found near the body made them hold to the belief that it was her body they had buried.

Some excitement was created when a witness positively identified a series of false hair as one that had been worn by Minnie Mitchell. This put the police in a quandary. The question that seemed to puzzle them most was not how the woman came to her death, but whether the body was that of Minnie Mitchell.

INJURED IN ACCIDENT.

NEW YORK, Aug. 20.—One of the men injured in a trolley car accident last morning, died early this morning. A card in one of his pockets bore the name of J. M. Keyes, and it supposed that was his name. A policeman, J. E. Palmer, found the man in the Fordham hospital. His skull is fractured and he will probably die. The other injured persons were reported as doing well.

Near the foot of the long hill approaching the park-way the car left the track and struck an iron pole, the pole turning over on its side. All the passengers were stunned and nearly all were more or less injured.

AWFUL TALE TOLD IN POLICE COURT.

**Beautiful Young Girl is Sold at
Auction to the Highest
Bidder.**

SAN FRANCISCO, Aug. 20.—Sixteen-year-old Bertha Kleine, who was enticed to a pitfall conducted by Tillie Belmont at 63 Geary street, took the witness stand in Judge Cabanis's department of the Police Court this morning and related one of the most horrifying tales of its character that has ever found its way to the ears of the police. For five days the Kleine girl, who is exceedingly pretty and who has ever enjoyed a good home, was detained by the Belmont woman, during which time an "auction" was held at the resort at which the child was put on sale in the presence of a group of men, and given to the highest bidder. The story of the young girl's detention surpasses, in point of horror, anything of its kind known to police annals in California.

RANDALL WOMAN DEFENDED.

When the Kleine girl was rescued from the Geary street den in which she had been clothed in finery by the Belmont woman, the police learned that she had been destroyed first by being taken to a saloon by the unlawful side entrance, and then dazed by the tales of another fallen woman, known as Juanita Randall, also an inmate at the Belmont den. The Randall woman went to trial today, having finally found some person willing to prepare

and urge a defense for her. That person was A. S. Newburgh, who, fearing the inevitable effect of allowing the terrible story of destroying young girls to reach the public ear, invoked that section of the code which permits a defendant to exclude all spectators and the press from the courtroom. A star chamber session of court then followed, with Newburgh vainly striving to justify the unspeakable crime of his disreputable client. Judge Cabanis protested, and asked that the press be allowed to hear the story of Bertha Kleine, but Newburgh stood upon his rights, anxious to keep the disgusting truth from the outside world, and the doors were locked.

DESTROYED IN FORTNIGHT.

The story Bertha Kleine told was a pitiful one. She was told by the Randall woman of the easy and profitable life that awaited her at the Belmont barm, and dazed the child with a promise of fine clothes, plenty of money and an endless good time. The girl weakly consented to visit the deadfall at Geary street, and was there held until the police rescued her. In the meantime, according to the statement of Bertha Kleine, a bona fide auction was held, with herself as the article to be delivered to the highest bidder. The Randall woman's defense consisted of a sweeping denial of all the charges made by the young girl and the police.

OAKLAND BANK OF SAVINGS
WOULD NOT TAKE THE
SOUTHERN CITY'S ISSUE.

REDBLANDS, Cal., Aug. 20.—The

\$50,000 bond issue recently voted by this city for street improvement purposes has been rejected by the two highest bidders for the issue and the ultimate sale of the bonds is doubtful. The first bidder was the Oakland Savings Bank, which offered \$53,900 and later rejected the bonds. The next highest bid was from W. H. Harris & Company of Chicago, and the attorneys for that company have also rejected the issue. The trouble is caused by a recent decision of the Supreme Court in the case of the city of Redondo, that a city of the sixth class cannot, under the Vrooman act, issue street improvement bonds.

THREE MURDERERS MAKE A BREAK TO GAIN FREEDOM.

FRANKFORT, Ky., August 20.—The officials of the State penitentiary and the citizens of Frankfort were thrown into a state of wild excitement by a riot started in the prison by Lafayette Brooks, Wallace Bishop and T. Mulligan, three desperate murderers in an attempt to gain their liberty.

Before the riot, which began before six o'clock and lasted until after ten was quelled and the mutinous convicts captured, Bishop was fatally wounded. Mulligan was shot in the shoulder and a negro convict, Albert Ransome, of Louisville, whom the desperadoes had pressed into service, was hit by a rifle ball.

The rioting started while Brooks, Mulligan and Bishop were coming out of the dining room to answer a hospital call. Suddenly one of the trio drew a revolver and compelled Guard A. H. Gill to give up his arms.

Guard F. E. Hurst, who rushed to Gill's assistance was also captured by the convicts.

Captain Muligan, acting warden, then rushed forward, firing on the bunch but no one was hit.

The convicts then running across the yard to the entrance of the chair factory, captured Charles Willis, a foreman.

They placed him between them and the guards, retreated to the rocker department, from whence they could command a good view of the entire yard. At a window they stood, Willis and Brooks with a revolver in his hand, took a position just behind the captive, raising the muzzle on the weapon on Willis' shoulder. The convicts then, in about half an hour, a note was sent to the foreman at the first move made against them.

By this time several hundred citizens, many of them heavily armed, had gathered at the prison gates but the warden denied admittance to all. He issued orders for all departments to close and for all the prisoners to be returned at once to their cells. He then placed a guard of sixty men about the building and called on the convicts to surrender. Their reply was a taunt.

For the protection of Foreman Willis the warden then determined to starve the desperadoes into submission. In about half an hour the note was dropped from the window of the room where the convicts had taken refuge, asking the warden to come up under a flag of truce and confer with them. This demand was ignored.

Shortly after this James Buckley, a former City Work-House Keeper and Morgan Brewer, a former guard at the Penitentiary, climbed to the roof of a residence overlooking the building in which the convicts had taken refuge, where the desperadoes were entrenched. They were compelled to desist, however, as Foreman Willis was forced to the window in the cell-house. This request to the men to stop shooting and informed them that a negro convict whom the desperadoes had forced into service had been shot in the shoulder.

HAD GOOD TIME IN A HACK

COMPLAINT AGAINST A FIGHTER WHO WILL NOT PAY LIVERY BILL.

A communication was read at a meeting of the Board of Public Works this morning from T. Donnellan, a local hackman, who complains that A. Cousins, a member of the Fire Department, owes him a hack bill which he refuses to pay. He asks that the board consider the matter. The letter is as follows and was placed on file:

To the Honorable Board of Police and Fire Commissioners: Gentlemen: Inclosed, you will find a bill for carriage hire against A. Cousins, a member of the Oakland Fire Department which he refused to pay.

On June 22, I drove Mr. Cousins and a few of his friends out on the San Leandro road to have a good time, and from the appearances of my hack they certainly had a good time. "During the afternoon, while I was driving them around, Cousins assured me a dozen times I need not be afraid of my car. He told me that he was a member of the Fire Department and to call on Chief Ball if I doubted his word and I did. I took it for granted that it was all right. He was the man I made the arrangements with for \$4 for the use of the hack for the afternoon and now he ignores my claim entirely.

"Gentlemen, I hope your honorable body will look into the matter as it is a just claim."

T. Donnellan resides at 514 Twenty-ninth street.

ALGER OUT FOR AN OFFICE.

GENERAL WOULD SERVE MICHIGAN IN UNITED STATES SENATE.

DETROIT, Mich., Aug. 20.—General Russell A. Alger, former Secretary of War, issued a statement this afternoon announcing himself a recipient candidate for the nomination to the United States Senate from Michigan, to succeed the late James McMillan. The statement is as follows:

"Detroit, Mich., August 20, 1902. "I will not seek the office of United States Senator to fill the vacancy caused by the death of Senator McMillan. The office and honor are too great to be thus refused, should, however, the people of Michigan through their Legislature see fit to elect me to that high office, I will accept it and fill it to the best of my ability.

"To the friends who have so kindly expressed a desire to have me chosen as their representative, I wish to tender my grateful thanks.

"R. A. ALGER."

General Alger declined to be seen by a reporter, saying word that he had nothing further to say.

CZARINA FIRST TO CROSS THE FINISH

CHERBOURG, France, Aug. 20.—The auxiliary schooner "Czarina," owned by Albert Prassey, M. P., was the second yacht to arrive here in the sailing race for the "Cronation cup" presented by the Earl of Crawford, which was started Monday from the North Lightship off the Isle of Wight, the course being to Cherbourg and back. She passed the mark at 10:13 p. m. yesterday.

Lord Crawford's "Valhalla" rounded the mark at 11:45 p. m. and the "Sunbeam," belonging to Lord Brassey, rounded at 12:10 a. m. today.

The American auxiliary yacht "Towamog," owned by A. V. Armour of New York, was the first of the contestants to reach Cherbourg. She passed around the mark at 2:15 p. m. yesterday.

STRIKING STABLEMEN

CHICAGO, Aug. 20.—Striking stablemen of the downtown department stores caused a disturbance at State and Fifteenth streets today and a detachment of fifty policemen were sent to the scene in response to a riot call.

The stablemen gathered about the barns and angrily pleaded with the drivers who were just starting to work to strike. When a caravan of wagons left the barns the strikers began throwing bricks and stones and a riot call was sent in. One man was arrested. None was hurt.

POPULISTS TO MEET

The limit is placed upon the representation of delegates will be made by the disbursement of a referendum system. This is the first convention where the referendum has been put in practice.

HOW CANVASSERS TREATED CONTRA COSTA LAUNDRY.

OAKLAND, Aug. 20.

To the Editor of THE TRIBUNE: The Contra Costa Laundry Company has always stood up for fair play (but I do not think there is any justice in this). We have always employed white labor, when some of the other laundries employed Chinese.

I do not think that the labor unions understand these gentlemen, Bartlett, Latimer and Francis. They have been in this laundry for many years. They were always treated the best. They earned an average \$35 a month. That is more than they could make in any other concern.

Last Monday these three gentlemen forgot the way to the laundry. They quit without letting us know the first thing where the customers lived or how much the customers owed on their books. Shame on them.

Every hand in the laundry belongs to the union. If they didn't they could not work there.

I sent a man to the machine shops at West Oakland to get the washing from the hands there. One of these gentlemen was there to stop him and told the man in the works that he was the only union man and got the washing. There is no justice in this.

BASEBALL PLAYER RELEASED.

BALTIMORE, Md., August 20.—Michael J. Donlin, the baseball player who was fined \$250 and sentenced to six months in jail for assaulting Miss Minnie Fields, a member of the "Ben Hur" Company, last winter, was released from jail today, his fine having been paid. Donlin had thirty days taken off his sentence for good behavior and only served five months. He says he will begin to play with the Cincinnati baseball club in about ten days.

AGENTS ORGANIZE.

SAN JOSE, Cal., Aug. 20.—The real estate agents of this city are preparing to form an organization for mutual benefit and the good of the community. A meeting has been called for Friday afternoon, when the first steps will be taken. It is desired to prevent "knocking" and to do away with the ungentlemanly rivalry which has prevailed to some extent in the past. The movement is meeting with general encouragement.

JAPAN ELECTIONS.

BERLIN, August 20.—It is announced here today in a dispatch from Tokyo, Japan, that the income tax returns of the members of the house of representatives indicate that there has been no material change in the balance of the parties and that the Marquis to followers retain predominance in the house.

LIDEL CASE BEING HEARD.

TESTIMONY BEING GIVEN IN THE SAN FRANCISCO POLICE COURT.

SAN FRANCISCO, Aug. 20.—R. F. Porter, a clerk in the Controller's office, was the only witness placed on the stand today in the case of Louis F. Lidell against the publishers of the Call.

It was claimed by the attorneys that in the course of dealings between the penitentiary and San Rafael merchants accounts had been changed and altered from their original form, both by the insertion of certain items, changes in the totals and by pasting on to the original bill heads lists of goods purchased. These bills were passed by the State Board of Examiners, of which Governor Gage is president, and Daniel Keane secretary.

Mr. Whitling, for Boardman, objected to the bills being introduced at this time, asserting that a proper subpoena had not been filed for producing the bills. Governor Gage had been a beneficiary of the acts of any of the prison officials. Mr. Preston replied that he proposed to show the bills were fraudulent in that they were different from the bills originally presented to the State Board of Examiners, and that the writing in the body of the bills was entirely different from that on the bill head.

SHAH ON HIS WAY TO VISIT THE KING

FATAL ACCIDENT ON BOARD THE VICTORY.

LONDON, Aug. 20.—The Shah proceeded to Portsmouth this morning for the purpose of visiting King Edward on board the royal yacht Victoria and Albert. The Prince of Wales and the Shah's suite accompanied him to Portsmouth.

There was a gun accident today on board the old wooden battleship Victory (the flagship of Lord Nelson at the battle of Trafalgar). While firing a royal salute to the King's arrival off Portsmouth, a charge exploded prematurely and one of the ancient muzzle-loaders and a seaman was blown through a port hole. The body of the man was not recovered.

SAILORS DIE AT SEA OF BERI-BERI

PORT TOWNSEND, Wash., Aug. 20.—The Peruvian bark Santa Rosa arrived this morning from San Buena Ventura, United States of Colombia, with most of her crew sick with beri-beri. The Santa Rosa left San Buena Ventura seventy-three days ago. Beri-beri soon broke out and when twenty-five days out three sailors died. Others were stricken the first day and died. The ship was taken to the hospital and the bark ordered to Diamond Point quarantine station for disinfection.

F. R. PORTER TO PUBLISH A DAILY

F. R. Porter is making arrangements to issue a daily paper in Oakland, the first number of which is to appear on about September 1st. It is proposed to issue it every morning in the week, and the name selected is "The Daily Andrew Carnegie." It is intended to promote the cause of union workingmen and to be a weekly press of this city for twenty years. Porter is a native of this city and has been connected with the daily and weekly press of this city for twenty years. He is a native of this city and has been connected with the daily and weekly press of this city for twenty years.

CORONER'S JURY SAYS IT WAS MURDER

CHICAGO, Aug. 20.—The coroner's jury has returned a verdict that Minnie Mitchell came to her death by a bullet wound inflicted by a person and (this) was murder. The jury recommended that Thompson, Claffy and Connelman be held to the Grand Jury and that William Bartholin be apprehended.

DESTROYED BY FIRE.

GUAYQUIL, Ecuador, Aug. 20.—The town of Babahoyo, capital of the province of Los Rios, was totally destroyed by fire yesterday. A fire steamer left here last night with firemen and fire engines to assist in fighting the flames, but they were unable to stop them. Much merchandise from Guayquil in transit to the interior was burned.

Babahoyo, or Bogogias, is seventy miles from Guayquil on the Guayas river, on which Guayquil is situated. It has a population of about 2,000.

PROPERTY DESTROYED BY FIRE AT REDDING

GRAIN WAREHOUSE IS BURNED TO THE GROUND IN THE NORTHERN TOWN.

REDDING, Cal., Aug. 20.—Fire today destroyed 25,000 worth of property. It started in Eter Brothers' grain warehouse on the railroad siding. They place the loss at \$15,000, insurance \$5,000.

"Charles Jacobson lost a warehouse and contents valued at \$25,000 covered by the Shasta County Democrat. It is a total loss, \$2,000, partly insured. The structures burned were wooden frame, but for absence of wind the depot, hotel and other important buildings would have been destroyed. The fire department did excellent service in preventing a spread of the fire. The cause of the fire is unknown."

WITNESS MAY GET IN TROUBLE

SAN FRANCISCO, Aug. 20.—John Simpson, the agent of the Southern Pacific Company at Downey is liable to get himself into a very serious predicament for not responding to a subpoena issued by Judge Fritz for his appearance as a witness in the Boardman-Spruckels case. Mr. Campbell, attorney for the publishers of the Call, requested Judge Fritz to issue a bench warrant for Simpson's arrest, and stated that Simpson's failure to respond to the original subpoena was due to the advice of the attorneys of the Southern Pacific Company, who instructed Simpson to ignore the summons.

Judge Fritz was first inclined to the opinion that the writ of prohibition issued since the serving of the original subpoena had destroyed the value of that document, but on the other hand, error by Mr. Campbell, Judge Fritz stated that if Simpson was in contempt of the court, he would issue a bench warrant for his arrest. Simpson was also defying the order of the court.

Judge Fritz instructed his clerk to prepare the proper order for the arrest of Simpson. Attached to the order was one for Simpson to produce all papers and books in his office.

Louis Bean and Edward Deffus, managing salesmen for the Southern Pacific, were placed on the stand and identified bills for large lists of goods purchased by Mrs. Spruckels from the Boardman-Spruckels case. Mr. Campbell, attorney for the publishers of the Call, requested Judge Fritz to issue a bench warrant for Simpson's arrest, and stated that Simpson's failure to respond to the original subpoena was due to the advice of the attorneys of the Southern Pacific Company, who instructed Simpson to ignore the summons.

FUNERAL OF LATE MRS. CAHILL

The funeral services over the remains of the late Mrs. Elizabeth Cahill were held this morning at her late residence, 1617 Myrtle street. The Rev. Father Cull of the St. Francis de Sales Church celebrated the requiem high mass, assisted by three priests. Throughout the solemn services, which were held in the presence of a large number of friends, the music was rendered by Miss Annie McNally.

The casket was covered with beautiful floral offerings sent by sorrowing friends of the deceased.

The remains were interred in the family plot at St. Mary's Cemetery.

The following acted as pallbearers: C. H. Buchanan, James Flynn, Ernest McManus and L. A. Beretti.

SAN DIEGO HAS A CONVENTION

SAN DIEGO, Cal., Aug. 20.—The Republican Convention at its adjourned session at Coronado this forenoon re-nominated the following officers: A. S. Cornell for Tax Collector; E. B. Shafer for Auditor; John Forward for Recorder; J. F. Schaefer for Treasurer and J. D. Rush for Assessor. Nominations for other officers will be made this afternoon.

FOREST FIRES ALARMING.

CHEYENNE, Wyo., August 20.—A telephone message from Saratoga states that forest fire conditions are becoming more alarming and that unless the Interior department acts promptly much valuable timber and possibly the mining camp of Gold Hill will be destroyed. Governor Richards notified the Interior department of the threatening danger in Carbon county and asked that special agents be hurried to the scene.

BIG LUMBER DEAL.

AREDEEN, South Dakota, Aug. 20.—One of the biggest lumber deals, involving retail yards, ever reported in the Northwest is being closed between the St. Croix Lumber Company and the Lames Lumber Company, by which the latter becomes the owner of 400,000 yds. of lumber. The consideration is between \$500,000 and \$700,000.

AFTER THE SANTA FE.

KANSAS CITY, Mo., August 20.—Grainmen are advising country shippers to ship grain and mill products over some other road than the Santa Fe. The Santa Fe has been adopted because the Santa Fe recently issued an order which the grainmen allege, kept thousands of cars of wheat from coming to this market.

WAR GAME IS BEING PLAYED

UNCLE SAM'S BIG SHIPS ARE SUPPOSED TO BE BATTLING FOR THE FLAG.

ROCKPORT, Mass., Aug. 20.—The United States navy, in which the rival fleets of Admiral Higginson and Commander Pillsbury are pitted against each other began at noon today. The North Atlantic Coast is now threatened by a theoretically powerful squadron of hostile ships from the attack of which an equally able fleet will attempt to defend it. Commander Pillsbury's fleet, known as the White Squadron, sailed from Provincetown on Monday and is now at sea. Its present whereabouts is unknown to Admiral Higginson, whose force is known as the Blue Squadron.

It was understood that the fleet which made its appearance in this port would, under the rules of the contest, remain until after today. Any time from now Admiral Higginson is free to sail in search of the enemy.

It will be the object of the White Squadron to effect a landing at some unfortified place along the coast as soon as possible after this fixed hour and occupy the position without interference for at least a few days.

It is the duty of the defending fleet to prevent the invaders from accomplishing their purpose. If Admiral Higginson finds the vessels before they can get within gun range, the contest will be with him. If Pillsbury, with his ships, should elude Higginson and land his force he must occupy the place he has captured and be free from discovery during the day. The contest will be decided by the result of the day's fighting. If the fleet is located before this time limit expires it is scored as a defeat for him.

The contest is a purely technical and there will be no semblance of an engagement between the fleets. The service is organized upon the basis of the discovery of the hostile fleet at night, when the firing would be entirely for signals and purposes of announcement. The discovery of Pillsbury's squadron, Admiral Higginson lost no time in getting under way and the hour agreed upon for the beginning of the contest. During the forenoon the ships were getting under way and at about 12 o'clock they began to weigh anchor and half an hour later all except the flagship Keats had started out.

CHANCES MADE IN ASSESSMENT ROLLS

Changes made in the assessment books turned over to the County Board of Equalization by the County Assessor in favor of the Contra Costa Water Company to the extent of \$1,000,000 have been discovered.

Deputy County Auditor Whidden made the discovery while footing up the assessment figures of the Auditor. The changes were made when the books were lying in the rooms occupied by the Board of Supervisors.

A PROMINENT BANKRUPT.

CLEVELAND, Ohio, August 20.—Dr. Chauncey B. Forwood, president of the Forwood Reduction Company, today filed a petition in bankruptcy in the United States court. His schedule shows that he owes \$78,557 and has assets worth \$42,255 of which \$310 is exempt. Dr. Forwood's creditors are named as scattered all over the United States. It is said, and he owes them each all the way from \$100 to \$50,000. Dr. Forwood went into bankruptcy because of the financial embarrassment of the Forwood Reduction Company, of which he was president, a principal stockholder and a heavy investor. The Forwood Reduction Company will follow him into bankruptcy.

MADE FACES AND CALLED NAMES

A CONTENTIOUS SPIRIT SHOWN IN TWO FACTIONS OF A FAMILY.

The difficulties of the Rauch family were given a thorough airing in the Police Court this morning when Mr. Edith Champion and Mrs. Flora Rauch appeared to explain why they "made faces" at Mrs. M. Rauch, the latter's mother-in-law and also called her names.

The Rauch family trouble started when Willie Rauch was arrested for battery on another member of the family and ever since there have been two contending factions at war.

Mrs. Rauch, the mother-in-law, testified that whenever met by the defendants the latter would call her names and make ugly faces at her.

On the other hand the two fair defendants said that the mother-in-law would call them bad names and would place her thumb on her nose and wriggle her fingers at them.

Judge Smith found both the defendants not guilty.

PYTHIANS EDD THEIR SESSION.

INSTALLATION CEREMONY THIS MORNING WAS ATTENDED BY MANY KNIGHTS.

SAN FRANCISCO, Aug. 20.—After one of the most successful and most largely attended sessions ever held the twenty-eighth National Biennial Convention of the Supreme Council of the Knights of Pythias was brought to a close today with the installation of officers and the disposition of several minor matters of legislation. The installation ceremony was conducted by retiring Supreme Chancellor Ogden H. Fethers, who in a most cordial manner inducted Tracy R. Bangs of North Dakota into the chair he was vacating. In an equally cordial manner Mr. Bangs accented the honor and responsibility, and the other officers were then installed as follows: Charles Edward Shively of Indiana, supreme vice chancellor; George E. Church of California, supreme recorder; Robert L. C. White of Tennessee, supreme keeper of records and seal; Thomas D. Meares of North Carolina, supreme keeper of exchequer; L. H. Farnsworth of Utah, supreme master; William H. Hall of West Virginia, supreme inner guard; John W. Thompson of Washington, D. C., supreme outer guard; and William C. Nathan of Indiana, major general of the Uniform Rank, and Charles F. S. Need of Indiana, major general of the Control of the Endowment Rank.

"Node John" Thompson, as he is lovingly called by the members of the order, enters upon the twenty-sixth term of his office as supreme outer guard.

THE JUDICIAL NOMINATIONS.

The Judicial ticket presented to the voters of Alameda County by the Republican Convention measures high according to the best standards of fitness. In renominating the three Superior Judges by acclamation the Convention gave a wholesome recognition to the fact that the bench should be occupied by men who have earned the respect and confidence of the community. The nominees are all jurists of dignity, character, experience and learning, who have presided over the courts of this county with fidelity and impartiality. As they possess the requirements so desirable on the bench their renomination harmonized at once with the public interests and the popular desire, and at the same time vindicated the sound principle that good Judges should be kept in office.

Hon. Samuel P. Hall has steadily grown in public estimation during his six years' tenure on the Superior Bench. He had previously demonstrated his legal talent and high sense of public duty while serving the county as District Attorney. As a practitioner at the bar he proved himself to be able, skillful and duly impressed with the responsibilities of a man with the interests of others in charge. On the bench he has been fearless and impartial. Every citizen can rest assured in the consciousness that he will receive exact justice—and no more—at the hands of Judge Hall. There is nothing so inspiring to a litigant or an honest attorney as the knowledge that his case will be tried by a Judge who not only knows the law thoroughly, but is resolved to vindicate it at all hazards. Such a man is Judge Hall, as his career on the bench abundantly proves. Personally, he is a man above reproach.

The oldest Judge on the Alameda Superior Bench in point of service is Hon. William E. Greene. It would be superfluous in this community, to expatiate on his merits as a jurist. His long service on the bench proves his fitness, and at the same time demonstrates the confidence reposed in him by his fellow citizens. His ability, legal attainments and judicial courage are universally admitted. His quick decision and mastery of legal principles enable him to dispatch business with remarkable facility. He has a State-wide reputation that is a credit to his capacity.

Hon. Henry A. Melvin has not served on the bench as long as either Judge Greene or Judge Hall, nevertheless he has exhibited in a marked degree the qualities which go to make up an ideal Judge. He possesses the judicial temperament to a remarkable degree. He is patient, courteous and eminently just. As he was born and reared in the county, he is personally known to the great body of our citizens. He has had valuable experience as Assistant District Attorney and he has steadily advanced both in learning and public estimation. One can hardly conceive of Judge Melvin doing an injustice or committing a breach of the high code of honor which governs gentlemen in private as well as in official life.

These are the three incumbents of the Superior Bench that are before the people for re-election. There can hardly be a question of their being returned to office by an overwhelming majority, for public policy dictates that the Judiciary should be kept stable and free from the ordinary vicissitudes of politics. The county and the Republican party alike are to be congratulated on the presentation of such unexceptionable candidates for the bench.

District Attorney, and subsequently rose to a leading position in general legal practice. He has presided on the bench in such a manner as to draw favorable attention to his qualifications in all parts of the State.

As Judge Cook was reared and educated in Alameda County, he has a large circle of warm admirers in this community. Should he go before the Convention he will have a strong support, and will stand an excellent chance of being nominated. His election would be a foregone conclusion.

PARDEE IS ALL RIGHT.

Notwithstanding the extravagant claims of rival candidates it is apparent that George C. Pardee has an excellent chance of being nominated for Governor. He has been steadily gaining in strength and position. This fight has been conducted with dignity and fairness toward other candidates and his candidacy appeals to the sober judgment of patriotic Republicans as being wise and well-timed. It must be said that the gubernatorial nomination is far from settled. It is still an open question who will head the ticket, and no man can be nominated without drawing votes from others. Dr. Pardee is an admirable candidate to rally to in case of a break. He is equally acceptable to the Flint and the Gage men, and his seventy-one solid votes from his home county give him a prestige no other aspirant enjoys. Besides he has a strong following in Solano, San Joaquin, Sonoma, Contra Costa, Los Angeles and other leading counties, which attest his strength and popularity. His reserve strength is very great. At no time has the prospect been brighter for Alameda County to land the gubernatorial prize.

JOURNALISM DEGRADED.

President Schwab of the Steel Trust has put an end to the absurd stories recently published about him to the effect that he is suffering from some mysterious malady, that he is going to resign, that he is going to be deposed, that he is going to take an indefinite leave of absence. The stories were manifestly malicious. Mr. Schwab proves that he is not sick. He also positively denies that he is going to resign or be removed. No matter what one may think of the methods of the Steel Trust, there can be no excuse for publishing such malicious canards as have recently been circulated regarding Mr. Schwab. They are an abuse of the privileges of journalism that is a discredit to the press. Deliberate lying is no more a part of legitimate newspaper business than is three card monte to be classed with legitimate banking. The Steel Trust is an object of national attention, and the public is keenly interested in its operations for a variety of reasons. But it wants facts, not lies. A correct judgment depends upon accurate information and deliberate falsification simply misleads and confuses. From a newspaper standpoint, it is shameful for it degrades the profession of journalism and lowers the press in the estimation of the public.

"BRAVE LOVE."

He'd nothing but his violin,
I'd nothing but my song,
But we were wed when skies were blue
And summer days were long,
And when we rested by the hedge
The robins came and told
How they had dared to woo and win
When early spring was cold.
We sometimes supped on dewberries
Or slept among the hay,
But oft the robins' voices at eve
Came out to hear us play.
The rare old tunes—the dear old tunes;
We could not starve for long.
While my man had his violin
And I my sweet love song.

The world has aye gone well with us,
And I'm sure we were one,
Our homelike wandering down the
hills—
It long ago was done,
But those who wait for gold or gear,
For houses and for kind,
Till youth's sweet spring grows brown
And old and weary twine,
Will never know the joy of hearts
That meet without a fear,
Who say but but your violin
And I a song, my dear,
—Mary Kyle Dallas.

MRS. WAITE LEAVES A LARGE ESTATE.

Charles F. Waite of New York has been appointed executor of the estate of Alice H. Waite, his wife, who died on April 11, 1902, at New York City. She had left property to the value of \$240,000 in this State. She had two accounts, each of \$100,000 with the Bank of Savings and Trust Co. of New York City. The deceased will divide the property evenly between her husband and daughter. The entire estate is worth upwards of \$250,000.

MINOR POLICE CASES.

Robbed in a long gray automobile coat, Mrs. E. Ashton from San Francisco, was before Police Judge Smith yesterday on a charge of drunkenness and was immediately discharged from custody, while Mrs. Marie Coffin, who was also arrested for drunkenness, forfeited \$8 bail.

Eliza Hall, a drunken figure in the police Court, was sent to jail for three days for drunkenness.

PERSOAL AND SOCIAL NOTES.

WEDDINGS AND RECEPTIONS THAT WILL INTEREST THE SMART SET.

A pleasant birthday party was tendered Miss Bernice Harvon Sloper at the home of her mother, 101 Myrtle street, last Saturday afternoon, the occasion being her fourth anniversary. The young guests were delightfully entertained by Miss Florence Sloper, Mrs. W. C. Mason and Miss H. Rathlen. Those present were: Isabella Bower, Bernice Sloper, A. Willis Ziegenfuss, Pauline Smith, Elmer Varney, Amy Vincent, Marjorie Venant, Beth Shepard, Warren Shepard.

VISITING FRIENDS.

Lieutenant William Downie, son of the late ex-Governor Downie, and formerly connected with A. Company, Fifth Infantry of N. G. C., is on a visit of several weeks to friends in this city and vicinity. For a couple of years past, Mr. Downie has been engaged in the milling business in Whitcomb, Washington, a town of which he speaks in high praise. The place is situated on Ballingston Bay and is accessible to the largest vessels, has fine stores, schools, churches, residences, three railroads, a population of 10,000, a number of mills and a capacity of 7,500,000 shingles a day. Mr. Downie is in excellent health and is putting in his leisure time in Dr. Pardee's headquarters in San Francisco, aiding the doctor in his candidacy for Governor.

SHE WILL MARRY.

For the sake of the man she loves Miss Josephine Hughes of Alameda will renounce the religion of her forefathers and embrace Catholicism, and a few days after making her baptismal bow she will become the bride of Edward G. Conway. Miss Hughes is a native of Texas and is a pretty girl of true Southern type. She is a member of a good old English family, being a granddaughter of Lady Charlotte Wright of Bransford, Canada. Before coming to California Miss Hughes made her home in Des Moines, Iowa, where she was quite a social favorite. While there she attended Cheneveth School, near Washington, D. C., and was a member of the class of '01.

Mr. Conway is well known in the theatrical world, having been associated with T. Daniel Frawley for a number of years. He is now connected with the tailoring establishment of Byron Bailey. He is very popular with the young people about town.

The wedding will take place about the middle of October and will be a small church affair. Father Nolan, assistant pastor of the Church of the Immaculate Conception and an old-time friend of the groom-to-be, will officiate at the marriage. He is also preparing Miss Hughes for her reception into the church and will perform the baptismal ceremony.

A QUIET WEDDING.

The marriage of Miss Mabel Root and Harry E. Cable was solemnized last evening at the home of the bride's mother, Mrs. M. Root, at 564 Hobart street. Rev. J. K. Lean, a life-long friend of the family, who also officiated at the christening of the bride, read the nuptial service.

The residence was prettily decorated with pink and green being the prevailing colors. From the arch, beneath which the bride and groom passed, a shower of wedding bells was suspended. The bride's gown was of white tulle, with a long train and a long veil. The groom wore a tuxedo and a white bow tie. The ceremony was simple and quiet.

After an extended honeymoon, spent in the South, Mr. and Mrs. Cable will reside at 564 Hobart street.

PERSONAL AND SOCIAL.

A delightful musical evening was enjoyed by a few friends of Mrs. Carrie Brown Dexter Monday evening at her home on Alice street. Miss Lois McDaniel contributed greatly to the evening's pleasure with a number of violin selections and the hostess sang to several of the songs.

Among the guests were Mrs. Margaret Cameron Smith, Mrs. Richardson, Mr. Brown, Mr. G. Freeman, Mrs. Cameron, Mrs. E. A. Kluge, Miss Ella Brown, Miss Pearl Kendall, A. J. Cronin, Miss Santa Barbara, Charles Towle, Harry Taylor and Rufus Smith.

Mr. and Mrs. Arthur Fickenscher of San Francisco gave a pleasant surprise to their friends by spending the evening of Monday last at the home of Mrs. E. A. Kluge, a daughter of Mr. and Mrs. E. A. Kluge, who are now in the city.

One of the prominent weddings of the week will be that of Dorothy Churchman and William Hackett, which will be celebrated on Wednesday evening at the First Congregational Church of Fruitvale, the Rev. H. B. Mobray to officiate.

Miss Lulu Rea Birch, daughter of the late Thomas J. Birch of 308 Thirteenth street, will leave for Portland, Oregon, next Saturday evening, to become the bride of Thomas E. Lennart, a young business man of that city. The wedding will be held at noon next Monday, and after a short trip to some place not yet decided upon the young couple will make their home in Portland.

A pretty wedding was quietly celebrated on Sunday night of last week at the Methodist Episcopal Church. It was that of Miss Rose Vain Huren, daughter of Mr. and Mrs. H. H. Brydges, and Frank L. Burkhalter. In the presence of relatives and a few intimate friends, following the customary religious services, the bride and groom were united in marriage. Mr. and Mrs. Burkhalter left later for a short honeymoon before going to their future home in Berkeley, where the groom is in business.

The wedding of Miss Devina Dove Taylor and John McDougall Graham took place last evening at 8:30 o'clock at the home of the bride's parents, Mr. and Mrs. George L. Taylor, 2301 Clement avenue, Alameda. The ceremony was witnessed by a number of relatives and friends of the popular couple, who were performed by Rev. Frank S. Brush, pastor of the First Presbyterian Church. The bride wore a gown of white satin and was attended by her sister, Miss Jessie Taylor, as maid of honor. The bridesmaids were Misses Jennie, Annie and Dovie Taylor. The groom had as best man Harry Lincoln Davis of Oakland. The residence was very prettily decorated, ferns and pink and white sweet peas being festively used in the lower rooms. After a honeymoon trip to the southern part of the State, Mr. and Mrs. Graham will return to reside at 1917 Chestnut street in the Etchinal city.

SURGICAL OPERATIONS
How Mrs. Bruce, a Noted Opera Singer, Escaped an Operation. Proof That Many Operations for Ovarian Troubles are Unnecessary.

"DEAR MRS. PINKHAM:—Travelling for years on the road, with irregular meals and sleep and damp beds, broke down my health so completely two years ago that the physician advised a complete rest, and when I had gained sufficient vitality, an operation for ovarian troubles. Not a very cheerful prospect, to be sure. I, however, was advised to try Lydia E. Pinkham's Vegetable Compound, and I did so, fortunately for me. Before a month had passed I felt that my general health had improved; in three months more I was cured, and I have been in perfect health since. I did not lose an engagement or miss a meal."

"Your Vegetable Compound is certainly wonderful, and well worthy the praise your admiring friends who have been cured are ready to give you. I always speak highly of it, and you will be glad to hear that I have good reason to do so."

—Mrs. G. BRUCE, Lansing, Mich. \$5.00 for full trial.

TUNNEL BIDS MONDAY NEXT

PYTHIANS PLEASUED WITH THE RECEPTION EXTENDED BY OAKLAND.

The Merchants' Exchange met in a short session last night with Theodore Gier in the chair.

A communication was received from the Immigration Restriction League of Boston enclosing resolutions with the request that it acted favorably upon by the exchange, they be sent to the Congressmen and Senators from this State.

The resolutions called attention to the fact that the immigrants now settle in the Eastern States only and are of the uneducated class and suggested that an educational fund be imposed to keep this class of people out.

Upon the motion of George Asper the resolution was unanimously adopted.

TUNNEL ROAD.

Secretary Walker of the Tunnel Committee reported that the bids for the work will be opened by the Supervisors next Monday. It was stated that as no work had been done on the sounding of the Tunnel route to determine whether or not rock would be encountered in the course of construction.

GARBAGE COMMITTEE.

Theodore Gier of the special committee appointed to appear before the Council in reference to the garbage matter said that the Board of Health had agreed to remove the refuse for one month and then probably other means would be provided.

Secretary Walker said that the Exchange was in favor of a crematory but was not in favor of having it controlled by private individuals as if so controlled, it would tend to promote strife.

It was decided that the committee be retained to further work on the garbage question.

KNIGHTS OF PYTHIAS.

Theodore Gier said that he had been thrown in contact with many of the visiting Knights of Pythias and everywhere he had heard words of praise for Oakland and nothing but censure for San Francisco.

George Arper stated that he had been told by the visiting Knights that they had been robbed in San Francisco by the merchants and others, while they were overjoyed by the treatment they received at the hands of Oakland people.

FINE PERFORMANCE AT DEWEY THEATRE

A LARGE AUDIENCE THRILLED BY ACTING OF GREAT ACTORS.

At the Dewey Theatre last night there was another immense audience to witness the fine production of "La Tosca" by the Stevens company, with Melbourne Macdowell and Florence Stone in the leading roles.

The satisfaction of the audience was complete and the enthusiasm was unbounded.

It was to be expected, because everybody who knows what kind of plays Sardou has written knows that "La Tosca" is unexcelled in strength and interest on the boards.

Anybody who knows anything about the actors of this country knows that Melbourne Macdowell stands at the head of the profession in his interpretation of roles created by Sardou as also those of a heroic and romantic character.

Mr. Macdowell's action, Scarpia, the character in which the actor appears in "La Tosca," is one of the most thrilling portraits upon the stage. Every auditor last night was thrilled to the core.

Florence Stone, the able auxiliary to Mr. Macdowell, is a most capable actress, and her work in "La Tosca" has been a success for her. She has achieved in the East. She is the legitimate successor of the lamented Pansy Davis, and this fact is cheerfully testified to by those who have seen her in the role which was created by Miss Davis.

The supporting company is better than the best in the country, and the production is a masterpiece of the art of the stage.

The play will be repeated every night of this week. The performance is a dramatic treat equal to anything ever produced here.

MRS. CONGER WANTS LIBERAL ALIMONY

Lillie M. Conger, wife of Charles D. Conger, nephew of United States Minister Conger, has asked for \$100 per month alimony pending her suit for divorce on the ground of extreme cruelty. She also asks for \$500 counsel fees and \$50 costs.

Mrs. Conger has also filed an amended complaint, making more specific charges of cruelty preferred against her husband.

The couple have been married eighteen years and had resided until recently at 740 Pacific avenue, Alameda.

GIBBS WINS THE FIGHT AT THE RELIANCE CLUB.

Manager Lavigne's Claim—Notes of Interest to the Sporting Fraternity.

The much heralded "Cyclone" Thurston of San Francisco, who has been in his fight with George Gibbs, the colored boxer from Cleveland, in the Reliance Club arena last night, and in the twelfth round the bout was stopped by Referee Ed Smith and the decision handed to Gibbs.

With the exception of the first round, in which no fighting was done, the crafty colored boy followed his opponent around the ring, administering jabs to the face and worked close in the solar plexus that kept Thurston dancing about and clinching to avoid punishment.

Every seat in the large building was occupied and the aisles were filled with local sports and those from across the bay. It was after 10 o'clock when the master of ceremonies called the contestants to the center of the ring for an introduction, and as is usual when two men of different color fight, Thurston received the heavier greeting. But as the game progressed Gibbs fought his way into the hearts of the sports by his careful, clever method of fighting. The colored weight was 145 pounds, but both men were well under it.

In rounds one and two but little fighting was done, both men being content to gauge the other's power. In the third round, which came near being the last, Thurston commenced swinging for the colored boy's head, when the latter sent in some body blows that made the "Cyclone" sweat. Near the close of the round Gibbs delivered a terrific right to the opponent's stomach. The latter emitted a groan and clutching his stomach, he went to the canvas, while George Harding waved off the seconds. But on the fourth round Gibbs came back and Thurston's seconds carried their man to a chair and revived him with smelling salts.

When time was called for the fourth, the wonderful preparative powers of Thurston were displayed when he met his man more than half way. But the stomach blow had left its effect, and Gibbs soon had Thurston cowering about the square to avoid punishment.

In the sixth Thurston sent a pretty straight left to Gibbs' nose and followed it with a hard right to the body and encouraged by the cheers of the crowd, attempted to mix it, but before he could Gibbs took the aggressive and when the going rang Thurston was hanging on the ropes.

In the seventh Thurston again attempted to force matters, but Gibbs crouched and waited after him like a cat, and so here was the attack that Tom McCarthy, one of Thurston's seconds, threw the latter into the ring, save his man from a knockout. But Referee Smith ordered McCarthy out of the ring and told the contestants to continue. Gibbs followed vigorously protested against McCarthy's interference.

Finally officers were ordered to forcibly remove Lavigne and his lawyer from the building.

Now the Reliance Club takes the suit that was coming to Gibbs.

"All I want is justice," said Mr. Lavigne. "Gibbs has broken his contract and must pay me what he owes me. I simply demanded justice at the Reliance Club."

In the preliminaries the eight-round bout between J. J. Johnson and Eddie Johnson, both of San Francisco, was declared a draw. Frank George won the decision from Jimmie Jones in a ten-round bout. Both are from San Francisco.

Jack Kern challenged the winner of the latter contest.

ACADEMIC TRACK SEASON OPENS

OAKLAND HIGH SCHOOL ATHLETES WILL MAKE GOOD SHOWING.

Last Monday marked the opening of the Academic track season in Central California. The Oakland High School started out with some fifty men for the fall term.

Track Captain Coyne thinks he has a good lot of men and in speaking of the coming season said: "We are more than confident this term of winning both the Academic and Bay Counties meets. A most unexpected addition to our track men is Wilcox and Hinds, both last term men who have returned this term."

"Wilcox will leave the spruins to the newer men and with myself will enter the half mile in all the coming fall days. Being a new man at this event, much is expected of him."

"Hinds will take the hammer throw for you."

"PON-SETTA" PREVENTS SUNBURN TAN FRECKLES

"PON-SETTA" is nature's true emulsion—a skin food and powder combined—harmless and luscious. While acting as an emollient powder it softens and preserves the skin.

"PON-SETTA" never spoils or dries up. Send for sample. Full size 50c. If you distrust, do not. I keep it as long as I can for you.

FRUITVALE BOYS WILL ENTERTAIN

CONGREGATIONAL CADETS ARRANGING INTERESTING EVENT

FRUITVALE, August 20.—The Fruitvale cadets are now arranging an entertainment for the near future which will be one of the most interesting events of the season. In all probability the entertainment will be given in the Armory, which place is now fitted with a movable platform and seats. The program will include a farce, musical and literary numbers.

The success with which all the affairs given by the cadets has met will insure a good attendance at the coming event. The several committees appointed some time ago are now preparing the program. The date on which the entertainment will be given will be announced after the next meeting of the cadets.

EARNING OF THE RAILROAD.

MOST PHENOMINAL YEAR IN THE HISTORY OF THE COMPANY.

CHICAGO, Aug. 19.—The annual report of the Southern Pacific, which was issued for the fiscal year ending June 30, 1902, will show the most phenomenal year in the history of the company. Advance official figures are to the effect that the gross earnings will be in round numbers \$83,000,000, which is an increase over the previous year of over \$5,000,000. These figures are compiled by making an estimate of the earnings for June. The business of the company was simply limited by the amount of power available. Traffic in all classes of freight showed a marked increase over last year, and had the company possessed additional power still greater tonnage could have been handled.

Officials are of the firm belief that the Southern Pacific has entered upon a new era of great prosperity. The development of the great Southwest is having its full effect upon the earnings of the company. This development shows no signs of cessation, and the management of the company is taking every possible means to see that it is aided and promoted. Steps have been taken to colonize vast areas of productive land in Texas, Louisiana and California, and the country through which the tracks run is filling with a largely new population. It is asserted to make a bond issue of \$20,000,000. Of this amount, \$10,000,000 fully \$25,000,000 will be issued at once, with a view to making it available for improvements. The work of bringing the physical conditions of the property up to the standard has been going on rapidly for several years, but an immense amount of money is needed for new equipment and additional power. It is hoped by the expenditure of large sums to place the company in a position to take advantage of the enormous increase of traffic of the country tributary to the road.
